Associated Press News

Garden, Ills., October 29.—Six men
blew open the vault of the bank here
early this morning and took between
\$3,000 and \$4,000. They seized
Town Marshal Edmonson and then
three night policemen who were on
duty, and tied them with ropes, and
then took them with them to the
bank. After blowing open the safe
and securing the money they took the
marshal to a school house and tied
him to a chair and then put a rope
around his neck. The chair was
placed at the head of the stairway so
that if the captive struggled he would
fall down the stairs and hang him-
self. The robbers escaped on a train
for Chicago.

Newark, N. J., Oct. 29.—Vice Chan-
celler Emory, today, filed a decision
in the suit of J. Aspinwall Hodge and
others to prevent the United States
steel corporation from retiring two
hundred and fifty million dollars of
its preferred stock and issuing two
hundred and fifty million dollars in
bonds. The Chancellor will advise
the issuance of a temporary injunction,
pending an appeal by the defendant.

Washington, Oct. 29.—A majority
of the members of the anthracite
strike commission left here this morn-
ing for Scranton, where they will
meet tomorrow and begin an investi-
gation of the conditions of the min-
ing region. The commission will
spend tomorrow arranging a trip
through the coal fields. Hearings
will not commence until the formal
claims of the miners and the answer
of the operators have been filed.

Oxford, Miss., Oct. 29.—Emanuel
Crump, a 14-year old boy, who wit-
nessed the recent hanging of Mathis
and Lester here, secured a rope and
hung it over a tree and then arranged
a noose for a mock hanging of him-
self. He was standing on a milk can
under the tree with the noose about
his neck, when in some manner he
knocked the milk can away and the
neck hanging became a genuine one.
He was dead when found.

San Francisco, Oct. 29.—Ten Chi-
nese coolies were brought from Seat-
tle to this city today charged with
obtaining entrance to the United
States by illegal means. This com-
missioner the first fruits of the cam-
paign which the Chinese bureau of
coast campaign in question has for
the object of stamping out every practice
used to struggle Chinese into this
country.

New Haven, Conn., Oct. 29.—The
principal feature of the morning ses-
sion of the state provincial boards of
health of North America was the
adoption of a set of resolutions relat-
ing to the health authorities of San
Francisco for their alleged negligence
in the matter of the bubonic plague
in that city.

Paris, Oct. 29.—The musicians of
the Paris theatres at a meeting today
voted in favor of a general strike be-
ginning tomorrow at noon. Twelve
hundred musicians are affected. The
strike is the result of a protracted
conflict between the musicians and
the managers of the theatres.

Washington, Oct. 29.—President
Roosevelt today issued his proclama-
tion designating Thursday, November
27th as a day of Thanksgiving.

Appleton, Wis., Oct. 29.—Martin
Cornelius, a saloon keeper, was robbed
of \$3,000 last night by two men with
revolvers.

Wynne, Ark., Oct. 29.—Mary,
Sophie and Minnie Gibson, aged 17,
12 and 10, daughters of a prosperous
negro farmer, were killed and one
child subjected to cruel indignities
at their home near here today. David
Cross, an old negro, has been arrested
and confessed that he had witnessed
the killings, which he himself was
committed by a negro named John-
son.

San Juan, P. R., Oct. 29.—Incom-
plete returns from various parts of the
island regarding the last registration
day, confirm the reports of riots and
shooting yesterday at San Lorenzo.
The Federals were shut out from town
where the mob attacked the police
and the result that two rioters were
killed, and fifteen men, including
three policemen were desperately
wounded.

The mob entered town carrying a
corpse at the head of a procession.
Federal registration was practically
prevented throughout the island yester-
day.

Wilkesbarre, Pa., Oct. 29.—Mitchell
day was celebrated by all the union
miners in the anthracite region today.
There was a general suspension of
work and a big parade in the city.

New York, Oct. 30.—W. B. Ray-
mond, an automobile, whose machi-
ne collided with a trolley car on
Sunday last, injuring twenty-two
persons, was today sentenced to six
months imprisonment in the Kings
county jail. City Judge Kellogg, of
Yonkers, pronounced the sentence
after hearing the testimony showing
that Raymond had been negligent.

London, Oct. 30.—The Globe this
afternoon commenting on the "Tube"
railroad debate in the house of com-
mons yesterday, says: "Last night's
proceedings were a melancholy taste
of what we are to expect under the
rule of American capitalism. The
real sting comes in the fact that
American syndicates should have
been allowed to fight over the safety
of London's citizens." The paper
declares it "better to muddle on over-
crowded cars and badly served of lo-
comotion in the hands of trans-Atlantic
jobbers."

Hazleton, Pa., Oct. 30.—The strike
at the seven collieries of Cox, Brown
& Co. and the four mines of Markle &
Co. and the Silver Brook colliery, was
renewed today through order issued
upon instructions from President
Mitchell, of the Mine Workers. He
alleges discriminating rules in regard
to the return of the men to work, es-
pecially of those prominent in the
strike.

Scranton, Pa., Oct. 31.—The An-
thracite Strike commission has offi-
cially decided that if any change is
made in the rates of wages of the men
it shall take effect from November 1.
This statement was given out this morn-
ing by Recorder Wright. This action
was taken in order to relieve itself from
pressure from some sources which might
cause undue haste and to enable all
parties to facilitate their calculations.
The programme of the commission
today calls for the inspection of the
Maurice Ridge area and the inspection of
the conditions of the men who toil in
the mines. The conditions at the Man-
ville colliery are to be the most in-
teresting in the Scranton region.

At Scranton the commissioners in-
spected three breasts and were in the
mine two hours and a half. They
found a miner and his helper at the
face of one of the breasts and piled
the men with all sorts of questions.
Judge Gray was fatigued by walking

in a bent-over position and with
Bishop Spaulding he was hoisted to
the surface. General Wilson is the
most aggressive member of the com-
mission in seeking information and
he did not appear to mind the phys-
ical discomforts. The commissioners
returned to their hotel at 1 o'clock.

Yorktown, N. W. T., Oct. 31.—"It is
beyond honor or reason to parley with
Doubtless they are hunger, hunger
and sleeplessness have rendered their
condition such that they can no
longer be reasoned with. All efforts
to induce them to return to their
homes have failed and I have notified
the authorities at Ottawa, the neces-
sity of immediate action."

This statement of Colonization
Agent Spence, made today, is the
summary of the situation here. Two
of the women are now helpless lunatics.
The Doubtlessers slept in
ditches and on railroad tracks last
night.

Manassas, Va., Nov. 1.—In the final
glare of military lanterns President
Roosevelt, at 4:30 a. m., stepped
briskly from his private car and
greeted cordially the little groups of
newspaper men and railroad men who
had gathered to see him start off on
his hunt for wild turkeys. He was
attired in a khaki suit with leggings,
and a campaign hat. He was accom-
panied by Sheriff Leachman, of Prince
William county, acted as guide to the
party this morning in a hunt over the
preserve of 1,300 acres owned by
Representative John F. Rives, brother
of Surgeon General Rives.

The president said his trip is taken
principally for the needed recreation the
outing would afford him and for the
purpose of going over the historic
battlefield of Bull Run, which he had
never visited.

New Orleans, Nov. 1.—President
E. J. Odenhall of the Odenhall Com-
mission company, one of the largest
gun exporting firms in the United
States has issued a circular announc-
ing that the firm has been forced
into liquidation. No explanation is
made but the widely circulated re-
port that the firm was a front for a
prominent officer of the firm amounting
to between \$250,000 and \$275,000 are
responsible for the failure. At the
present time the bank holds the com-
pany's paper for about \$160,000.

New York, Nov. 1.—Eleven children
whose average ages are five years
arrived here today from Santiago,
Cuba, enroute to Point Loma, Calif-
ornia, to join the "Universal Brother-
hood." The immigration officials re-
fused to admit the children until they
were inquired. They are in charge
of Dr. Gertrude Van Pelt. The little
immigrants are thinly clad and feel
the cold very keenly when they ar-
rive. The case has been taken up
by the Society for the Prevention of
Cruelty to Children.

Wilkesbarre, Pa., Nov. 1.—The
members of the strike commission ar-
rived here this morning from Scranton.
They proceeded at once to the
Northwestern hotel where the morn-
ing was spent in going through the
workings of the Lehigh valley mines.
Judge Gray said today that no time
has been fixed for the starting of the
strike. The case has been taken up
by the Society for the Prevention of
Cruelty to Children.

San Francisco, Nov. 5.—The news
apparently, this morning, indicate
that Geo. C. Pardee has been elected.
Lanc, his democratic opponent, car-
ried San Francisco by 9,558 majority,
but that is not enough to offset the
heavy republican vote in the country.
Pardee's majority in the state will
probably be over 5,000. The entire
republican vote in the state will un-
doubtedly be elected. The republicans
will have a big majority in the leg-
islature, which will elect a successor to
U. S. Senator Perkins whose term ex-
pires in 1905. For congress the demo-
crats and union labor parties, which
in San Francisco, elected E. J. Liver-
more for Kahn, incumbent in the
fourth, and William S. Hall in the
eighth district in the fifth district. In
the first and second districts there is
some doubt as to results on the meager
returns just received with the ad-
vance probably favorable to the re-
publican candidates. In the third,
sixth, seventh and eighth districts
republicans are elected.

Colorado in Doubt.
Denver, Nov. 5.—The result of the
election of the state ticket today is
in doubt at noon today. Nearly
complete returns from Arapahoe
county including the city of Denver
give Stinson, the democratic candi-
date, a plurality of about 4,000 over
Peabody, republican. The
chairman of the democratic state com-
mittee, conceding the republican plu-
rality of 2,500 in the state, says that
Stinson's election is assured by the vote
in this county. The chairman of the
republican committee still claims the
election of the entire republican state
ticket. There appears to be no doubt
that the democrats will have a major-
ity in the legislature, insuring the
election of Teller, as United
States senator.

Safe Majority in Congress.
New York, Nov. 5.—Congressman
Overstreet of Indiana, secretary of
the republican congressional com-
mittee, said at noon today that the
republicans would have in the next
house of representatives at least 206
and perhaps 208 members. Republi-
can gains he said were reported to-
day from Colorado, a republican, in
the eighth Tennessee, ninth Virginia
and seventh Alabama claiming vic-
tory. With 206 members the republi-
cans will have a majority of 26
and with 208 a majority of 30.

Massachusetts All Right.
Boston, Nov. 5.—Yesterday elected
the republican state ticket. The
congressional delegation stands ten
republicans and four democrats.
The state senate thirty-one republi-
cans and nine democrats and the
house is composed of 155 republicans,
twenty-five democrats and three
independents. The republican major-
ity is known for governor, reaching
approximately 380,000. The social-
ist vote cannot be overlooked, as
John Chase, for governor, received
about 100,000, a gain of more than 5,000
percent over last year.

Utah on Right Side.
Salt Lake, Nov. 5.—Late returns
from the more remote counties of the
state indicate that Howell the republi-
can, for congress and McCarty, the
republican for supreme court justice,
will be elected by majorities of 4,000.
Republicans will have a majority on
just ballot in the legislature of at
least 39 which may increase to 41.
Even such democratic strongholds as
Caché and Weber counties went
heavily republican. Election of
Austrie Reed Smoot of the Mormon
Church to the U. S. Senate seems as-
sured.

Little Rhody Democratic.
Providence, R. I., Nov. 5.—The
democrats have elected the governor

and lieutenant governor and have
made gains throughout the state, cut-
ting down the republicans lead in the
assembly. The senate will still be
strongly republican.

Kansas All Right.
Topeka, Kas., Nov. 5.—The chair-
man of the republican committee es-
timates that Bailey's plurality for
governor will be 35,000. The republi-
cans will have control of the legisla-
ture.

Missouri Democratic.
St. Louis, Nov. 5.—The democratic
state ticket has been carried by a safe
majority. The legislature will be
democratic. Fifteen out of sixteen
congressmen were elected by the
democrats.

Good Majority in Ohio.
Columbus, O., Nov. 5.—Ohio over
90,000 republican and elect seventeen
republican congressmen, with one in
doubt.

Congressional Results.
Chicago, Nov. 5.—Dispatches to the
Associated Press up to 11 o'clock this
morning show that the republicans
have elected 197 congressmen and the
democrats 180. Nine districts are
doubtful.

Went Home to Vote.
Washington, Nov. 5.—Notwith-
standing the fact that this was re-
garded as "off year" in politics an
unusually large number of govern-
ment officials went home to vote.
With the exception of Secretary Hay
there was not a single head of a de-
partment in Washington yesterday.
Many assistant secretaries also went
home to vote.

Republicans in Control.
Boston, Nov. 5.—The republicans
will have control of the legislature by
a large majority. They have also
elected ten out of fourteen congress-
men.

From Nevada.
Reno, Nev., Nov. 5.—It is conceded
that the fusionists have elected
Sparks governor, the congressman
and the entire legislative ticket.
Newlands will have two-thirds vote
for U. S. senator.

Washington Good and Strong.
Seattle, Nov. 5.—Returns indicate
that Washington has gone republi-
can on the congressional ticket by
8,000. The legislature will be re-
publican by 15 or 20 majority. The
county ticket here is generally re-
publican.

Twenty-six to Twenty-three.
Wilmington, Del., Nov. 5.—The
Delaware legislature will stand 26
republicans to 23 democrats.

From Wyoming.
Cheyenne, Wyo., Nov. 5.—The en-
tire republican state ticket is elected
by three to five thousand. The
legislature is largely republican.

Seventy Thousand in Iowa.
Des Moines, Nov. 5.—The demo-
crats elected one congressman this
year, the first in eight years. The
state ticket is republican by 70,000.

Parson Asphyxiated.
Omaha, Nov. 5.—Rev. W. C. Babe-
psted of the German Baptist church,
aged 65 years and Miss Augusta
Busch, a young woman, were found
dead this morning in the vestibule
of the German Baptist church. The
bodies were embraced and the
gas jets turned on.

Mackay's Remains Coming.
London, Nov. 5.—The remains of
John W. Mackay, who died here in
July, were shipped today to the United
States today. Mrs. Mackay and her
daughter, the Princess Colonna, ac-
company them.

LOOK OUT FOR
CATARRH
The cold-wave flag means zero weather,
icy, moisture-laden winds, and the be-
ginning of winter in earnest.
Look out for Catarrh in winter, for cold
catarrhs there is nothing
cheerier in these climatic changes,
for with the return of cold weather,
all the disagreeable symptoms of Catarrh
appear: itching, burning, discharge, a
stuffy feeling about the nose and throat,
breathlessness, chest pains, and as the
disease progresses, a discharge of mucus
from the throat and nose keeps
one continually dripping back into the
stomach and contaminates and poisons the
blood and it is distributed throughout
the body, and it is a chronic, systemic
disease that must be treated
thoroughly, for if it is beyond the
reach of sprays, washes, powders or ex-
ternal treatment of any kind.

S. S. S. soon clears the system of all
catarrhal matter and purges the blood of
the irritating poisons, thus effectively
checking the further progress of this
serious and far reaching disease.
